

Professional Programs

- Looking for an experiential, energizing, creative and effective event for an offsite or retreat?
- To build a new team in your organization?
- To jumpstart relationships on newly formed teams or improve impact on existing teams?
- Are there gaps in how leaders and team members are communicating?

Our unique experiential approach leverages 60 years of Outward Bound's proven methodology developing teams and leaders through challenge and discovery. We have highly skilled and experienced facilitators with decades of experiential learning and organizational development training that will take your team to the next level.

Challenge and Discovery Day – *(full or half day)*

We'll come to you in a local park, at your facility or conference center. These programs are customizable to your needs and desired outcomes.

Key Takeaways - leadership, communication, rapport building, teamwork, problem solving, goal setting, service in the community

Kayaking Day

Located in Tomales Bay or Sausalito our kayak adventures head into the vast wilderness of the Bay. We teach kayaking skills and safety practices before participants take to the water.

Key Takeaways – adventure, discovery, challenge participants to work in pairs, communication, rapport building, leadership

Rock Climbing Day

Climbing days include outdoor rock climbing and rappelling. Participants will learn how to use the climbing equipment safely and how to belay one another while challenging personal limits.

Key Takeaways - communication, trust building, teamwork, and strategic goal setting
