

Packing List – What to pack for course

Joshua Tree Backpacking & Rock Climbing

Overview

Wilderness travel means you will carry a lot less than you do in the regular world. Most wilderness travelers will bring about the same amount of gear on a three-day trip as they would on a three-week expedition.

Weather

As a desert ecosystem, Joshua Tree is mostly dry with variable temperatures. Elevations range between 2,000 to 5,000 feet and Joshua Tree does receive occasional rain and snow. During the spring months average daytime highs are 65-80 degrees Fahrenheit in the sun with nighttime temperatures in the 40s and 50s. In the winter months, temperatures can drop below freezing. Temperature changes of 40 degrees within 24 hours are common - with wind, snow/rain in one day. Be prepared for cold temps!

Sizing & Layering

Packing several light layers rather than fewer heavier layers allows more flexibility if the weather changes. Inner layers fit closely, mid layers loosely and outer layers just a little bit baggy. The clothing on this list is designed to keep you warm when it is cold or wet and is flexible enough to pack away items when it's hot.

Packing and Storage

Once you arrive to your course, your instructors will help select the best combination of items based on weather and route. Any items your instructors ask you not to bring can be stored securely at base; this is done for efficiency, to minimize pack weight, and to ensure that you have the appropriate gear. Since you may not use every item on this list, we suggest **leaving the tags** on items purchased for this course so that you have the option of returning it. When purchasing gear, please check the retailer's return policies.

What to Wear While Travelling

We recommend you wear course clothing and boots while traveling and bring all essentials (prescription meds, insurance card copy and cash) in a carry-on. This will minimize the inconvenience in the unlikely event your luggage is delayed in transport. Being dressed for course will also further the efficiency on your first day, especially since bathrooms and private changing areas may not be available.

What Outward Bound Provides

Outward Bound California will provide all other equipment, including: sleeping bags, sleeping pads, tarp for sleeping, backpacks, cooking gear, food and emergency supplies. Emergency supplies include all common OTC medications like anti-inflammatories (Tylenol, Advil), stomach medications and anti-histamines. Group gear will be divided and carried by all members.

Personal Gear

If you prefer to bring your own gear here are the minimum standards for what may be acceptable. If equipment doesn't meet the standards, it will be stored in a locked secure location a base camp.

- Sleeping pads – Can be $\frac{3}{4}$ to full size in length. They can be closed-cell foam (Ridge-Rest or Z-Rest) or inflatable (Therma-Rest®). If you bring an inflatable pad you must bring a patch kit as well. Note that inflatable pads usually weigh considerably more than closed-cell foam pads.
- Backpacks – Need to have a minimum capacity of 80 Liters (4,900 cubic inches) and should be able to carry 45-60 lbs. comfortably. Internal frame design is recommended. Side pockets are useful to access equipment while on the trail, such as water bottles.

- Sleeping bags – Need to be made from synthetic materials (down fill is not appropriate for our purposes) and have a 0 degree warmth rating for November - February courses and a 15-20 degree rating for March - April courses.

Food/Water Caches

Travel in the desert takes careful planning to ensure an ample water supply. Logistics staff place water and food caches around the park to enable extended backcountry travel in this unique wilderness.

Items Not Allowed

- Electronics – cell phones, iPods, etc. These may be brought on the plane or bus but will need to be stored at base before going into the field.
- Deodorant, makeup, shampoo, conditioner, soap, perfume or cologne, etc.
- Illegal drugs, marijuana, alcohol, tobacco products of any kind are prohibited.
- Any prescription drugs not cleared by the Student Services department
- Weapons of any kind
